Re: Proposed Revisions to PCA Medicaid Cost Reports for Impact of SSAE No. 18

Dear Mr. Kappes:

The New York State Society of Certified Public Accountants (NYSSCPA), representing more than 26,000 CPAs in public practice, business, government and education, is pleased to have the opportunity to work with your department to assess the impact of SSAE No. 18 on the various Medicaid cost report certifications.

Effective May 1, 2017, SSAE 18 (AT-C Sections 105 and 205) updated the attestation standards regarding examination engagements. SSAE 18 brought the documentation requirements of an examination engagement closer to auditing standards. As a result, certified public accountants (CPAs) need to ensure that they are following the new attestation standards when signing examination reports, including the examination reports that are included when CPAs certify the PCA Medicaid Cost Reports.

Due to these changes in the attestation standards, the opinions currently included on the Health Commerce System (HCS) for Personal Care Agency (PCA) Medicaid cost reports need to be updated with the appropriate language. We have included updated opinions (attached) for your convenience. The changes were as follows:
